Charles Doutriaux
Supported Projects: (ESGF, UV-CDAT, ACME, PCMDI, DREAM, other)

Quarterly Report for October 1, 2015 – December 31, 2015

Quarter Accomplishments:
- ESGF F2F Conf
- API POC
- UV-CDAT almost release
- Bots
- PCMDI metrics

Next Quarter's Roadmap
- 2.4.0
- API 1.0
- 2.4.1
- pcmdi metrics 1.1 release
- bots -> custom command -> paper
- uvcdat initial paper draft
- beautify diags
- start using jira together with github
- libdrs/ezget/lats as part of special PCMDI build for uvcdat

Resources Required to Achieve Goals
- Need to streamline release process with Kitware, QR report from them? Weekly?
- Sync with API people. Probably through Monday morning call.
