

**Zeshawn Shaheen**  
**Supported Projects: (ACME)**

**Quarterly Report for April 1, 2016 – June 30, 2016**

**Quarter Accomplishments:**

- Setup Ophidia on aims2 [April 2016]
- Began telcos with CMCC team [April 2016]
- Implemented Ophidia specific averages for wps\_cwt [May 2016]
- Assisted Sasha with ESGF replication [May 2016]
- Learned to replicate data on gdo2, made documentation for others [May 2016]
- Began designing new metrics, giving up what I was working on [June 2016]
- Helping Jason take over what I used to do [June 2016]

**Next Quarter's Roadmap**

- Complete new metrics design [July 2016]
- Begin actual implementation of new metrics [August 2016]
- Get at least one (PMP, ARM, ACME) metrics basic functions implemented and working [September 2016]

**Resources Required to Achieve Goals**

- Time to design
- Time to meet with the team and discuss design
- Input from Charles, Jim, others
